St. Marguerite Bourgeoys Catholic School

The first phase is nearing completion, which includes the north and south wings.

St. Gregory the Great Catholic School

The sheeting on the exterior building is complete. The floors have been poured on the second floor. The site work has started and we are expecting to have all the sidewalks and paving completed this fall.

St. Joseph High School

Interior painting has started. Most of the exterior work is complete and landscaping has also started.

St. Francis of Assisi Middle School Addition

The interior is complete with exception of a few minor items. Due to a wet summer, the landscaping and new parking areas are not finished. The contractor will be developing a plan to complete these items in September.

Father Henri Voisin School Modular Classroom

This modular classroom is complete.

St. Elizabeth Seton School Modular Classrooms

Due to the wet summer, these modulares will not be ready for school start-up. We are hoping these will be ready for early October.
