Release of Final Curriculum: RDCRS Implementation Plans:

The Associate Superintendent of Curriculum presented the Release of the Final Curriculum: RDCRS Implementation Plan to the Board of Trustees. RDCRS' implementation plan is keystone on the philosophy that goals and expectations must be manageable for administrators and teachers. RDCRS will utilize a collective leadership approach that relies on the innovation and expertise of our school staff, ensuring that they have the resources and support to meet the needs of this implementation.

Next steps for planning include working with school administrators to outline a professional development plan for each of their schools that can be shared with teachers prior to summer holidays, so that staff can know what to expect upon return. Schools will also use some of the remaining PD this school year to explore the New Learn Alberta Site as well as increase familiarity of staff with resources and curriculum overviews.
